Projects

GLAMGRAIL: Full-Stack Fashion E-Commerce Platform **Sep 2024 – Dec 2024**

Tech: *React, Context API, Node.js, Express, MongoDB, CSS3*

- Built full-stack e-commerce platform with React frontend, Node/Express backend, and MongoDB, featuring JWT-less session management via Context API.
- Implemented dynamic product system with category routing (/men, /women, /kids) cart sync, and admin-controlled "New Collections".
- Engineered persistent cart functionality using Context API for quantity adjustment, item removal, and cross-session data persistence.
- Optimized data flow via MongoDB aggregation for cart totals and products SKU management.

REALTALK: Real-Time Chat App **May 2025 – June 202**

Tech: *React, Tailwind CSS, WebSockets, Express, Node.js, JWT, MongoDB*

- Built secure authentication (login/register) and session management.
- Engineered real-time messaging with WebSocket authentication, auto-reconnect, and connection cleanup.
- Implemented live user presence (online/offline indicators) and avatar support.
- Developed chat UI with conversation history, auto-scroll, and file uploads.
- Synced messages with MongoDB for persistent history retrieval.

EduVerify – Android Document Verification & Academic Tracker App **Jan 2025 – May 2025**

Tech: *Kotlin, Android Studio, Firebase, Cloudinary, SDK API 34/35*

- Built a modular Android app for verifying academic documents and managing student records.
- Integrated Firebase Authentication for secure login and user management.
- Enabled document scanning and gallery uploads with storage handled via Cloudinary.
- Designed interactive modules for Attendance, Subjects, Grades, Events, and Messages.
- Implemented responsive layouts and seamless navigation using modern Android design principles.

Technical Skills

Languages: C++, JavaScript, Kotlin
Web Technologies: HTML5, CSS3, React.js, Node.js, Express.js, MongoDB, MySQL, Tailwind CSS, Socket.IO
Tools & Platforms: Git, GitHub, Firebase, Cloudinary, Android Studio
Core Competencies: DSA, Problem Solving, Responsive Web Design, RESTful API Development, Object-Oriented Programming (OOP)

Certifications

- Programming fundamentals with Kotlin-Meta: *Link* **November, 2024**
- Social Networks-*NPTEL Swayam :* *Link* **April, 2025**

Achievements

- **Secured Rank 4728:** **August, 2024**
  Solved More than 300+ Problems on GeeksforGeeks.
  200+ Problems on LeetCode

Education

Lovely Professional University **2022 – 2026**

Bachelor of Technology - Computer Science and Engineering; CGPA: 7.1 *Phagwara, Punjab*
